EDUCATION

Universitas Gadjah Mada Yogyakarta, ID
Bachelor of Engineering in Information Engineering, GPA: 3.57/4.00 Jul 2024 - Aug 2028 (Expected)
Coursework: Data Structures & Algorithms, Artificial Intelligence, Linear Algebra, Probability and Random Variables, Database Technology, Cloud Computing (in progress)

TECHNICAL EXPERIENCE

BREATHE Laboratory, Dept. of Electrical and Information Engineering UGM Yogyakarta, ID
Web Developer Mar 2026 - Present

- Build and maintain the lab's website in Grav, featuring a publications archive of 350+ papers with title, journal, authors, abstracts, and PDF links, scoring 92/100 on Lighthouse performance (desktop).

Future Innovation and Discovery IT (Find IT!) UGM Yogyakarta, ID
Web Developer Oct 2024 - May 2025

- Built the registration and event-information frontend in Next.js, serving 3,000+ users with 1000+ registered teams, and loading time under 500 ms.

Electrical and Information Engineering Students Association UGM Election Committee Yogyakarta, ID
IT Staff Sep 2024 - Nov 2024

- Implemented Google Sign-In with Firebase Authentication and Firestore, handling secure login and data queries for 400+ voters.
- Built the election web platform with React and Next.js using static site generation, with loading time under 300 ms.

TEACHING AND LEADERSHIP

Dept. of Electrical and Information Engineering, Faculty of Engineering UGM Yogyakarta, ID
Fundamentals of Programming Laboratory Assistant Feb 2026 - Jul 2026

- Mentored 40+ students in C++ fundamentals (control flow, functions, arrays) alongside 4 assistants, running 7 weekly lab sessions, grading 3 assignments and 2 lab exams, and debugging student code live.

Dept. of Electrical and Information Engineering, Faculty of Engineering UGM Yogyakarta, ID
Academic Tutor Aug 2025 - Dec 2025

- Taught 10 tutorial sessions in Single Variable Calculus for 100+ undergraduates, resulting in average score improvement of about 20%.

PIONIR Gadjah Mada Yogyakarta, ID
Co-Facilitator Mar 2025 - Dec 2025

- Mentored 50+ freshmen during orientation week, coordinating with lecturers on soft-skills sessions, and organized 2 days community event promoting waste management for local children.

Electrical and Information Engineering Students Association UGM Yogyakarta, ID
Secretary of Information and Communication Division Jan 2025 - Jan 2026

- Drafted proposals and accountability reports for 3 annual programs in collaboration with the treasurer, submitting all documents before their deadlines.
- Documented monthly division meetings in structured minutes, tracking action items across 4 subdivisions.

SELECTED PROJECTS

debertjamie.com (Personal Portfolio)

- Built a personal portfolio with Next.js, Tailwind CSS, and Sanity headless CMS, with a photo gallery serving images from Cloudflare R2 object storage.

AWARDS AND TRAINING

Matsuo-Iwasawa Laboratory, University of Tokyo

Sep 2026 - Present

Global Consumer Intelligence (GCI) World 2026 Participant

International

- Selected for a 3-month intensive global program applying AI and data science to real business problems.

Electrical and Information Engineering Students Association UGM

Nov 2024

CSS Battle TETI Programming Week

Yogyakarta, ID

- Placed 2nd among 14 teams in a CSS design challenge.

SKILLS

Languages: Bahasa Indonesia (native), Chinese (HSK 5), English
